The Master of Housing Management (MHouseMan) is an interdisciplinary programme offered by the Department of Urban Planning and Design (DUPAD). It was the first Master of Housing Management programme established in Hong Kong and is run and taught by a committed group of full-time academic research and teaching staff, as well as practitioners. This programme is designed not only to upgrade the training and skills of practicing housing professionals but also to provide intellectual and professional training to those wishing to specialize in the housing area at postgraduate level. In addition to standard coursework, special workshop courses on communication skills and research methods respectively are offered. All students will work with an academic supervisor to complete a dissertation, a highly valued educational tool that allows students to cultivate their intellectual capacity and develop deeper insights into their work.

The Department of Urban Planning and Design in the Faculty of Architecture is an excellent place to situate housing management studies for several reasons. Operational courses related to urban and management issues are offered, there are frequent academic lectures and research seminars by local and international experts on housing and related topics, and students gain access to experts in a variety of fields connected to housing management. Additionally, it is the home base of the Asia Pacific Network for Housing Research (APNHR), a researchers’ association committed to the study of housing issues in the Asia Pacific, organizing academic conferences on related topics.

The MHouseMan degree programme has two streams of study, the Academic Stream and the Professional Stream, both offered in a 2-year part-time mode of study. They are differentiated by the amount of coursework required and professional accreditation received.

To be eligible for admission, applicants (a) shall comply with the General Regulations and the Regulations for Taught Postgraduate Curricula; and (b) shall hold (i) a Bachelor’s degree with honours of this University; or (ii) a qualification of equivalent standard of this University or another university or comparable institution accepted for this purpose; and (iii) satisfy the examiners in a qualifying examination if required.

Candidates seeking admission to the MHouseMan shall indicate their choice of streams for consideration. Once admitted to a stream candidates are not allowed to transfer to another except with approval.

Qualifications which are accepted include: (a) a Professional Diploma in Housing Management awarded by the HKU School of Professional and Continuing Education and possession of at least five years’ work experience in the housing field; or (b) full membership of the Hong Kong Institute of Housing (MHKIH) and possession of at least five years’ work experience in the housing field (at least two of which must be post-qualification); or (c) membership of the Chartered Institute of Housing (MCIH) and possession of at least five years’ work experience in the housing field (at least two of which must be post-qualification).

Candidates who hold these qualifications, if selected, shall not be offered admission until they have satisfied the examiners in a qualifying examination to test their academic ability to follow the courses of study prescribed. The qualifying examination shall consist of one or more written papers and shall be set prior to the final selection of candidates for admission into the curriculum.
Courses for the different streams of study are listed below. All courses are organized in the evenings (7:00 – 9:00pm) except for Workshop on Communication Skills and Foundation Course on Research Methods, which will be conducted in the evenings and weekends.

### Compulsory Courses

- **Practices of Housing Management and Maintenance** (only offered to year one students) (6 credits)
- **Alternative Dispute Resolution** (6 credits)
- **Facility and Asset Management** (6 credits)
- **Planning Practice, Law and Ethics in Hong Kong** (6 credits)
- **Globalization and Urban and Regional Development in China** (6 credits)

- **Facility and Asset Management** (6 credits)
- **Planning Practice, Law and Ethics in Hong Kong** (6 credits)
- **Globalization and Urban and Regional Development in China** (6 credits)

### Optional Courses

- **Practical Experience Requirements (PER)** is not a formal component of the Master’s degree programme, students of the Professional Stream are expected to work on the requirements alongside academic study. It is hoped that students would fulfill all the requirements by the time they successfully complete the Master’s degree programme, so that graduates are immediately qualified to apply for corporate membership of the two housing institutes.

- **Applications** have to be made online at the University’s website http://www.aal.hku.hk/tpg/programme/master-housing-management no later than 2 January 2018.

- **Results** of the admissions will be announced in April/May 2018 and the commencement date is September 2018.

### Assessment

All courses will be examined through written examinations or coursework assessment or a combination of both. Written examinations take place in December/January and April/May. In addition to satisfying the examinations in all prescribed courses and in any prescribed form of assessment, candidates are also required to complete and present a satisfactory dissertation.

### Programme Fees

The fee for the 2018-2019 intake is HK$74,980 per annum for Professional Stream and HK$62,780 per annum for Academic Stream. The fee for 2018-2019 is subject to final approval. The fee will be paid in 4 installments at the end of each semester according to the University schedule.

The fee only covers tuition fees for courses on offer and student’s usage of University facilities, such as health clinics, sports centre and library facilities. It does not include fees such as costs for field trips, printing, binding, stationary, and books.
